Practice Note 1/2009

ALTERATIONS TO PREVIOUSLY ISSUED TENDER DOCUMENTATION

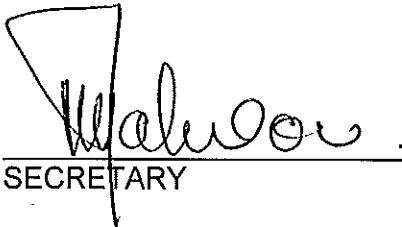

It is recommended that needless alterations to previously issued tender documentation be curtailed to a minimum and only essential alterations be forwarded to tenderers to be received by no later than 4 (four) working days prior to the previously indicated tender opening date. Should the above not be possible, consideration should be given to extending the tender period to duly comply with the above.

CHAIRMAN

18 June 2009
